Learning from Comparison Data

M.Tech Project: Phase I

Nitesh Kumar Shah
ID25M806

Indian Institute of Technology Madras
Prof. Suryanarayana Sankagiri

November 2026

Motivation and the Choice Problem

Bradley–Terry Model and Estimation

Bradley–Terry Parameter Recovery

MLE Existence and Optimization

Context-Dependent Model

Full CDM Parameter Recovery

BTL–CDM Cross-Model Fits

Full and Low-Rank CDM Comparison

Computational Scaling

CDM Paper Reproduction

Summary and Further Work
